

DEMAND PROGRESS!

Move West Virginia in
the Right Direction

STOP

THIS FLAWED PLAN BEFORE IT'S TOO LATE

Learn more about this important issue; hold your elected representatives accountable and sign the online petition.

REVISE

TELL THE STATE TO REVISE ITS CURRENT, FLAWED PLAN —

It does nothing to provide faster Internet speeds or lower the majority of Internet costs for West Virginians.

The state's plan only provides high-speed Internet to some government agencies & K-12 schools - and then only at high prices.

BUILD

A TRUE HIGH-SPEED INTERNET INFRASTRUCTURE FOR WEST VIRGINIA —

One that will be able to grow with the digital demands of the future.

The state's plan only provides access routes into an outdated system; one that cannot provide the Internet bandwidths of the future.

YOU'RE IN THE DRIVER'S SEAT

Say 'NO' to the Status Quo!
